Street
Snooker X

60 SECONDS TO VICTORY.

A fast-paced, multi-activity target game designed for all ages and abilities. Played solo or in small teams of up to four.

Street Snooker X

Street Snooker X **Playinnovation™**

How To Play

1. Stand on the red ground spot. Throw or kick ball at the red triangle.
2. Run to the scoreboard and spin the wheel.
3. Run to the matching shape on the floor.
4. Aim at any colour other than the red triangle on the games wall.
5. Keep shooting until you hit the target.
6. Add up your score (eg 1 + 3 = 6).
7. Run back to the red spot and start again.
8. Keep adding your points up.
9. How many points can you score in 60 seconds?

Street Snooker X by Playinnovation is inspired by the famous billiard game of snooker. Go online and search how to play snooker.

Street Snooker X

Stand on the start spot, aim for the red triangle target, then crank the 'ground spot selector' on the scoreboard panel to define where your next shot will be taken from. Add your points and start again. What can you score in 60 seconds?

Street Snooker X can be played with or without a ball and helps improve skills relevant to a number of sports – from soccer to basketball. It also provides a number of positive physical outcomes and learning opportunities.

Space requirements

Minimum floor space requirement: W: 5m x D: 4m

**Crossbar
King**

WHO'S GONNA BE THE CROSSBAR KING?

Inspired by the Crossbar Challenge, as seen on TV, players kick or throw a ball and make it ping as they score points.

Crossbar King

CROSSBAR KING Playinnovation
big ideas for growing minds

7 5 3 1

CROSSBAR KING

Goal
Master

TOP BINS OR CROSSES.

This multi-use game encourages players to make up their own goal target games, or play noughts and crosses to see who can get three 'O's or X's by either throwing or kicking a ball or bean bag at the targets.

Goal Master

Goal Master

Like most Play Innovation Target Panels, spin the wheel to choose the point on the ground from where to take your shot.

Goal Master is now also available in the X-Range (colour black).

This game can be played in various ways, and helps improve co-ordination, target skills, confidence and provide positive physical/mental health outcomes.

GMQS-1 quick start

Street
Pool

8 BALL FOOT POOL.

One of the most popular games in the world,
played in almost exactly the same way as
traditional pool – but without a cue or cue ball.

Street Pool

Select who's going to be solids and who will be stripes, then aim for the targets by either throwing or kicking a ball or bean bag to make the pot, then pot the 8 ball (or bag) to win

Like most Play Innovation Target Panels, spin the wheel to choose the point on the ground from.

This game can be played in various ways, and helps improve co-ordination, target skills, confidence and provide positive/mental health outcomes.

Coaching
& delivery

SELECT YOUR COACH ON THE ROAD TO ACTIVITY.

The OSF fund requires that each organisation carries out a minimum 12 week programme for delivery.

Coaching & delivery

We can deliver coaching in a number of London areas (ideally north of the River Thames) including Barnet, Brent, Camden, Enfield, Hackney, Acton and Southall. We are happy to collaborate with a number of organisations, such as Street Games and the Youth Sport Trust - as well as schools themselves - to train stakeholders.

OSF requirement

Minimum of a 12-week programme for indoor and outdoor facilities - with opportunities to continue after the initial period (year 1 is exempt from this due to time scale).

Total project cost for 12-week program

Option 1

Two trained coaching staff (Play Innovation approved)
x2 one-hour sessions per week for 12 weeks
£5,650

Includes

Travel costs, including ULEZ charges
Prizes and rewards (sports vouchers worth £360)

Option 2

12 x one-hour sessions per week
£2,520

Includes

Two trained coaching staff (Play Innovation approved)
One 1-hour session per week for 12 weeks
Travel costs, including ULEZ charges

Optional extra

£360 for sports vouchers, rewards

Project management

Admin, M&E - admin, registers, data analysis, monitoring and evaluating, partner meetings.
