London Sport

London Sport is a charity that exists to help all Londoners live longer, healthier and happier lives through being active. Our focus is on children and adults in the most deprived communities who face the greatest challenges of inequality.

With physical inactivity responsible for 1 in 6 premature deaths, we want to help every Londoner find their way to move more.

We are supported by Sport England and the Mayor of London, and collaborate with London's local authorities and other organisations, to provide better access to sport and physical activity across the capital.

London Sport is committed to equal opportunities, safeguarding and promoting the welfare of children and young people, and expects the successful applicant to share this commitment.

Summary of Tender Specification.
